Premier's Youth Advisory Committee Face to Face Retreat, May 28-31, 2015*

# MESSAGE FROM THE COMMITTEE

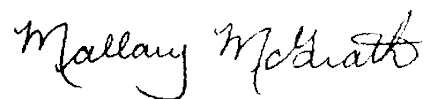

On behalf of the Premier's Youth Advisory Committee of Newfoundland and Labrador, I hereby submit our Activity Plan for April 1, 2015 to March 31, 2017. Under this plan, we will provide timely, relevant, and well-researched recommendations to the Provincial Government on issues important to youth. We have prepared this plan and recognize our accountability in achieving the objectives outlined herein. The values outlined in this plan guide that work towards our shared ambitions for our province.

The 22 representatives of the Premier's Youth Advisory Committee come from diverse backgrounds, striking a balance of regional, gender, age, and ethnic diversity. This balance provides us with a range of insights into the issues of relevance to youth across our great province.

We have defined and agreed upon the vision and values outlined in this plan that will guide our collective efforts. Over the next several years, we will collaborate with departments and agencies on efforts to improve policies, programs and services for Newfoundlanders and Labradorians, including youth.

The Premier's Youth Advisory Committee looks forward to working with the Provincial Government to create a bright future full of opportunities for Newfoundland and Labrador.

Sincerely,

**Mallery McGrath**

On behalf of the membership of the Premier's Youth Advisory Committee

# 1. INTRODUCTION

In June 2001, the Government of Newfoundland and Labrador established the first Youth Advisory Committee. The committee served as a forum for the youth of the province to voice their views and concerns and increase youth involvement in the Provincial Government’s decision-making processes. In December 2011, members of this committee met to discuss what they saw as a duplication of roles with the existence of the Youth Retention and Attraction Strategy, and the various other youth committees working in partnership with Provincial Government departments and agencies. As a result, the last meeting of this Youth Advisory Committee was held in March 2012.

With the view that a new and more effective form of youth engagement was required, Premier Paul Davis promised to reactivate the committee during the Progressive Conservative leadership campaign in September 2014. In November 2014, the Honourable Steve Kent, Deputy Premier and Minister Responsible for the Office of Public Engagement, announced a call for applications to help form the new Premier’s Youth Advisory Committee. Seventy-one applications were received from across Newfoundland and Labrador, and 23 individuals were selected, representing regional, gender, age, and ethnic diversity.

In keeping with the strategic direction of the Provincial Government applicable to the Office of Public Engagement, the Premier’s Youth Advisory Committee enhances citizen and stakeholder participation through dialogue and collaboration on issues important to youth.

This activity plan outlines the objective the Premier’s Youth Advisory Committee will strive to achieve over the next two years.

familiar with issues affecting youth across the province as they arise. Where appropriate, the Committee will undertake research and broader public engagement efforts to ensure that discussions and deliberations related to advice are well-informed. Dialogue and collaboration are essential to the workings of the committee and are in support of the strategic direction applicable to the Office of Public Engagement (Appendix A).

The members of the Premier's Youth Advisory Committee will report on the following objective, measure, and indicators for both years of this plan.

*The Premier's Youth Advisory Committee has opted not to identify a mission at this time, given that the identification of a mission would be duplicative of its mandate and objectives.*
